Dear Parents,

Griffins International School was built with the belief that every child deserves a school that nurtures both the mind and the heart. As the world evolves, children need courage, discipline, creativity, resilience and emotional strength - qualities that define true success.

Our goal is to provide a learning ecosystem where students feel safe to explore, confident to express, disciplined to persist, and inspired to excel.

We are committed to building a school where values matter, relationships matter, and every child matters.

Thank you for trusting us with your child's journey.

PRINCIPAL'S MESSAGE

“A School Where Every Child Feels Seen, Heard & Valued”

Mr. Pradeep Kumar Samal

Dear Parents,

At Griffins, learning is not confined to classrooms. It happens on the playground, in the library, on stage, in hostels, and in every interaction a child experiences.

We strive to create a school culture where:

- Learning is joyful and meaningful
- Mistakes are stepping stones
- Confidence grows through participation
- Discipline becomes a habit, not a burden
- Children learn to lead with empathy and integrity

With a dedicated faculty and a student-cantered approach, we ensure that every learner receives the attention, support, and encouragement they deserve.
